Test Certificate of Switching and short-circuit performance

Tested samples/items Outdoor single-phase vacuum load-switching device for AC railway network

Limited purpose switch (as per def. 3.4.104 of IEC 60265-1)

Designation VSV 25-36 kV 1250 A

Rated voltage 36 kV; Rated normal current 1250 A; Rated frequency 50 Hz

Manufacturer COELME - EGIC - Villeurbanne, Lyon - FRANCE

Client COELME - EGIC - Villeurbanne, Lyon - FRANCE

Tests date from May 5, 2009 to June

Tested by CESI S.p.A. - Milan - ITALY

The apparatus, constructed in accordance with the description, drawings and photog aphs in the reference documents, identified in orporate this certificate, has been subjected to the series of proving tests in accordance w

> IEC 60265-1 (1998 Clauses 6.6, 6.101.8.1 and to

This Test Certificate has been issued by CESI in lance with above mentioned Standards.

The results are shown in the record of Proving Tests and the oscillograms attached in the Test Reports. The values obtained and the general performance are considered to comply with the above Standards and to justify the ratings assigned by the Manufacturer as listed on page No.2.

This Test Certificate applies only to the appratus tested. The responsit bility for conformity of any apparatus having the same designations with that tested rests with the Manufacturer.

Only integral reproduction of this Test Certification or reproductions of this page accompanied by any pages on which are stated the endorsed ratings of the apparatus tested, are permitted without written permission from CESI.
